Q4 Is Business As Usual During The Olympics.Almost

It's no secret that the world is coming to Vancouver and Whistler next month, but did you know that Q4 is open as usual for regular guests and visitors alike looking for the city's most famous pasta dish.

In addition to Q4's regular hours, open nightly from 5pm, the restaurant will offer lunch Tuesday through Saturday, February 16th through the 27th.

Q4's menu has been tweaked a little for the international crowd, and Q4's popular \$10 pasta promotion will be suspended from February 8th to 28th. \$10 dollar pastas on Monday, Tuesday and Wednesdays will resume March 1st.

Of course Q4 is the perfect spot to purchase a signed copy of Mangia with Quattro: Family-style Italian from the Heart, for \$29.95.
